

Federal Signal will discontinue the halogen AeroDync® lightbar

Affected Models:

All halogen lightbar models will be discontinued including 22I-012, 25RQL-FAST, ADL5201, 517112, AH1LC, AH2LC, and all SAO models.

Timing:

New orders for AeroDync® halogen lightbars will not be accepted after December 1, 2013.

Suggested Alternatives:

Suggested alternatives for the AeroDync® halogen models include a variety of other Federal Signal lightbars. Such products include AeroDync® Solaris® LED and JetSolaris®. Detailed product information on these lightbars can be found at <http://www.fedsig.com/product-categories/1>
