	14	25-3MBKT-A, Bracket only installed for 792H Opticom	D/J only	\$37.00	

Opticom LIST - US\$: _____

IMPORTANT NOTES:

1. TCL and Opticom options fill the front and back of a Jet Center section.
If a TCL or Opticom option is specified in position D, then put a "1" for "No Option" in the corresponding Rear position J
2. Opticom options must be specified with CLEAR domes.
3. Opticom Emitter and bracket are ordered separately and not included in the list price of the lightbar.
4. If multiple LED colors are specified in the same End or Center section, then CLEAR domes must be specified.
5. *** Each bar comes standard with 1 flasher, select the option for additional flashers if it is desired to have different colored lights cut-off or controlled independent from other colored lights.
6. 48" JLX bars come with choice of mount kit at No Extra Charge.
